

# TrusteBlogs

*"The website is very easy to maintain. I just copy and paste. Now attorneys can check the site before the hearing to see if documents have been sent or received."*

Johnny W. Thomas  
U.S. Bankruptcy Trustee  
Western District of Texas

Trustee offices are processing hundreds of bankruptcy cases every month. They field dozens of calls about 341 hearing dates and times from debtors and debtor attorneys. They answer the same questions about required documents over and over.

Keeping up with the demand for information can slow business to a grinding halt. To remain productive, trustees need a platform from which they can communicate to a wide audience.

TrusteSolutions has created TrusteBlogs Websites to make it easier for trustees to share important information with debtors and debtor attorneys.

TrusteBlogs Websites have basic tie-ins to the trustee's chapter 7 TrusteSolutions database.

These tie-ins can be used to automatically populate the Website with 341 calendar information. Website users have access to hearing dates and times, and maps to 341 hearing locations.

Trustees can add Web pages that provide debtors and debtor attorneys with detailed instructions about what needs to be done to prepare for the 341 hearing. Trustees can also put required forms on the Website for debtors to access and complete.
